# PolyWall® Liquid Wrap 2100

BUILDING SOLUTIONS  
MOISTURE AND AIR STOP HERE™

Part No. PWBB.2100.LFC

Blue Barrier Liquid Flashing 2100 is an all-purpose, fluid applied flashing used in construction applications to bridge dissimilar materials and to create weather resistant, fully adhered seal membranes in window and door installations.

Blue Barrier Liquid Flashing 2100 is part of the Poly Wallair and moisture barrier system.

## • Increases Productivity

## • Weather Resistant

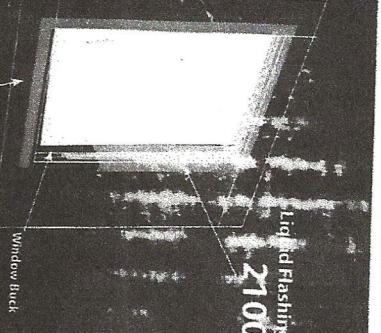

## • No Call Backs

## • Low VOCs
